Missouri frogging season begins June 30 at sunset and runs through Oct. 31. Bullfrogs and green frogs are legal game for those with valid permits, but children 15 and younger and adults 65 and older are not required to have a permit.

Missouri's frogging season starts June 30

Missouri frogging season begins at sunset Wednesday, June 30, and continues through Sunday, Oct. 31. Those with a fishing permit or small-game hunting permit may frog for bullfrogs and green frogs, says the Missouri Department of Conservation.

The daily limit is eight frogs of both species combined, and the possession limit is 16 frogs of both species combined. Only the daily limit may be possessed on waters and bank of waters where frogging.

MDC notes that daily limits end at midnight. Froggers who catch their daily limits before midnight and want to return for more frogging after midnight must remove the daily limit of previously caught frogs from the waters or banks before returning.

The public can go frogging with a fishing or small-game hunting permit, but children 15 and under and residents 65 and older are not required to have a permit.

Those using a fishing permit may take frogs by hand, hand net, atlatl, gig, bow, trotline, throwline, limb line, bank line, jug line, snagging, snaring, grabbing, or pole and line. Youth fishing without a permit are limited to using a pole-and-line, gig, bow, crossbow, snaring, grabbing and snagging.

With a small-game hunting permit, frogs may be harvested using a .22-caliber or smaller rimfire rifle or pistol, pellet gun, atlatl, bow, crossbow or by hand or hand net. The use of artificial light is permitted when frogging.

Recipes using frog meat are included in the MDC website at <https://short.mdc.mo.gov/Zxz>.
